

IPMA1

Applications

The ISON™ IPMA1 unit circulates airflow and increases the number of air turnovers in a space contributing to better air quality and comfort. Recirculation of air eliminates hot and cold spots for additional energy savings. Ideal for new construction or retrofit projects that require a recessed, surface or suspended mount fan.

IPMA124UNVWHAPLCRM-SP

Features

- Quiet fans provide up to 45 CFM airflow each
- Britex™ coating suppresses the growth of bacteria or fungi on the surface and interior of the device
- Aluminum construction provides nice aesthetics and efficient heat dissipation. White, black and silver powdercoat finishes available. Custom colors available upon request
- Smooth white ceiling tile, fissured pattern print ceiling tile, painted aluminum panel, or digital custom print front panel options
- Multiple mounting methods
- Available in 2' x 2' and 2' x 4' sizes
- 20kV/10kA surge protection available

Electrical

- Available in 120v-277v input range

Ambient Operating Range

- 0°C to 25°C [32°F to 77°F]

Fixture Certification & Listings

- UL/cUL Listed for Damp Locations
- Buy American Act Compliant
- EPA Establishment #94844-WI-1

Rated Life

Driver - 50,000 hours
Fans - 50,000 hours

Warranty

See Orion's [Product Limited Warranty](#) for more details and information

Performance Information, 120v¹

Fixture Size	Wattage	Input Current
2' x 2'	7w	0.06A
2' x 4'	12w	0.10A

Physical Information

Fan Size	Length	Width	Depth	Weight
2' x 2'	23.75"	23.75"	4.00"	10-12lbs.
2' x 4'	47.75"	23.75"	4.00"	20-22lbs.
